To Overcome Winter Complexion Troubles

If the chill air causes your skin to dry and scale or become suddenly red or spotted, before you go to bed spread a thin layer of ordinary vaseline over your entire face. Remove next morning with warm water. This is the ideal complexion treatment for the winter. This gives the underlying skin a chance to breathe and to show itself. In a week or so the new and younger skin is visible in evidence and you have a really matchless complexion. Naturally all its defects disappear with the discarded, outside—its chaps, pimples, blotches, freckles, blackheads. Usually an ounce of vaseline will procure as many drug store, to be used to remove even the worst complexion.

TAFTVILLE

On Monday evening, County Director Wm. Guinness of Norwich installed the officers of St. Veronica T. A. S. society of this village, in their rooms on Providence street. The report of the committee that was in charge of the dance given recently by this society showed that a good sum had been taken in at the door in spite of the bad weather. Plans are now being made by the young ladies for holding a Valentine social which will be held during this month. The reports of the officers and other committees were read and accepted. The new officers which were installed are as follows: President, Miss Mary Murphy; vice president, Mary Hanley; treasurer, Miss Louise White; recording secretary, Miss Agnes Dougherty; financial secretary, Miss Jennie McSheffery.

Peter Fletcher, who was suddenly called here on account of the sickness of his wife, has returned to work in New Bedford, Mass.

David O'Brien of this village has enlisted in the U. S. navy at the Norwich recruiting station. Mr. O'Brien will first be assigned to a training camp where he will be given the first preliminary instructions on the art of fighting.

NORWICH-MERCHANT IS MARRIED IN LYNN

Ulysses Sakellariadis of this city and Miss Zephie Pappadopoulos of Lynn were married in that city on Sunday and are spending a few days here before leaving on a wedding trip. Mr. Sakellariadis is one of the proprietors of the Capital Lunch.

The ceremony was performed at 1 o'clock Sunday afternoon at the bride's home, No. 4 Blossom street, Lynn, Rev. Polekarpas, pastor of the Greek church officiating. Peter Costantini of this city attended the group as best man.

THAMES RIVER SPECIALTIES ON EIGHT HOUR SHIFTS

The Thames Specialty Co. of Montville went on an eight-hour workday Monday morning. There will be three shifts, each shift working eight hours. Salaries have been raised and the lowest paid employee at the mills today, that of the laborer, is 52 cents an hour.

The company is busy with many orders on the books and the plant is in a very prosperous condition. P. D. Meuser of New London is the superintendent.

Preston City Boy for Annapolis. Frederick H. Tholen, son of the pastor of the Preston City Baptist church, is the first in the list of twelve candidates nominated by Senator Brandegee for admission to the naval academy at Annapolis and entitled to take the final examinations in the spring.

GARD OF THANKS We wish to extend our sincere thanks to our friends and neighbors who so kindly remembered us with love and sympathy in the loss of our son and brother. Also to those who sent such beautiful flowers.

MR. AND MRS. JOHN J. CROWLEY AND FAMILY

In view of the nearness to the natural breeding and laying season, hens are expected to make rather rapid gains in the number of eggs they lay.

On the other hand, many few birds are perhaps out of condition on account of the severe, uninviting winter weather that has prevailed during the past two months. Such birds may not have laid a single egg, but have perhaps contracted a little cold, they are not laying up to expectation and in some cases, at any rate they need a little toning up. For a condition of this sort, the use of sulphur has been suggested, allowing a tablespoon to ten hens twice a week in a wet mash mixed with milk.

The sulphur can be given perhaps a little more conveniently in the dry mash, but should not be too long continued. If used in this way, one pound of sulphur to each twenty pounds of mash is sufficient.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Manna to Overcome Flatulence, Gas, Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are a signal that evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, then leading to gastritis accompanied by serious stomach ulcers. Food ferments and creates the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition to treat with ordinary digestive aids which have no neutralizing effect on the stomach. Manna is a natural and safe drug that takes a teaspoonful in a glass of water or a glass of milk after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its fermentation, and there is no sourness or pain. Bismarck Manna (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of Manna for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

STORRS HENS LAY 20,000 EGGS TO DATE

From November 1st to February 1st the hens in the contest at Storrs have laid more than 20,000 eggs. During the first three months, each of the 1000 hens in the contest have laid one-third of an egg more than her expected yield. In the thirteenth week a pen of White Leghorns entered by R. E. Vincand, N. J. was in first place with a yield of 46 eggs. W. H. Bassett's White Rocks from Cheshire, Conn., were a close second with a production of 44 eggs. Two pens of Leghorns owned by C. H. Bassett of Dover, N. J., and H. H. Ballard of Chestnut Hill, Pa., tied for third place with 43 eggs each. Two Long Island pens, namely, Hatched Rocks owned by Jules P. Francis of West-Hampton Beach and Leghorns entered by W. Edgar Baker from Moriches tied for fourth place with 41 eggs each. The total yield for all pens was 20,000 eggs. The contest was won by a yield of 46 eggs.
